DHC thanks you for your continued support. For more than 30 years we have been providing, cost-effective, critical services such as: Case Management, Job Placement, Community Education, Free Hearing Tests, Hearing Aid Sales/Service, FREE Amplified Telephones, a Variety of Classes and much more to the Hearing Disabled population in the Tampa Bay area.

As you know, the economy has hit everyone hard and because there is **no state or federal funding** available for **Deaf Service Centers** in the State of Florida, our consumers are hit harder than ever. This year will likely be our most difficult as our local government is faced with even more budget cuts, which jeopardize our current contracts and grants. Successful fundraising is critical to sustain the work that we do!

As you thank those who support you all year long—We thank YOU for your participation...
